SIGNIFICANT INCIDENTS

Dec 2nd - At approximately 0900 hours, BID officers were patrolling the area of 7th and Broadway when they noticed LAPD and LAFD presence on the northeastern corner. Upon further inspection, arriving BID officers noticed a car that was totaled on the sidewalk. LAPD was able to confirm that the crash had occurred a few moments ago. The crash appeared serious as the vehicle caused minor structural damage. BID officers stood by for assistance and were released from the scene once the vehicles involved were removed from the intersection.

Dec 5th - While on patrol, Sergeant Perchlak and officer Pirir located a busted fire hydrant that was releasing pressurized water at 5th and Wall at about 0430 hours. BID officers located LAPD and were also briefed on the situation. A vehicle lost control and hit the fire hydrant causing it to burst. There was also a deceased person on scene but was not specified whether it was a homeless person or the occupant of the vehicle. Details were very limited pending the ongoing investigation. BID officers completed the incident reported and left the scene shortly after.

Dec 7th - At about 1330 hours, BID officers were contacted by the maintenance department regarding a stolen cart at 545 s Main street. BID officers were given a good description and canvased the area for any possible sightings. At approximately 1420 hours, Sergeant Ramirez located the stolen cart at 411 s Main street. Sergeant Ramirez secured the cart and contacted the maintenance department right away. The head supervisor from Chrysalis arrived on scene within minutes and retrieved the cart along with the other items that were taken.

Dec 16th - While on patrol, BID officers Marquez and Aguilar were flagged down by an MTA bus driver in front of the office at around 1900 hours. The bus driver claimed that a female passenger was assaulted by another male passenger. BID officers quickly secured the scene and contacted LAPD. The male suspect did not make any attempt to flee the scene once BID officers said LAPD was on their way. LAPD arrived on scene within minutes and conducted a short field investigation. After gathering the victim's and witness statements, LAPD took the male suspect into custody for aggravated assault. LAFD also

arrived on scene to assess the female victim. The victim was assessed by paramedics and released on scene after she had minor injuries.

Dec 20th - At approximately 1307 hours, Sergeant Ramirez was on his routine foot beat when he got flagged down by loss prevention personnel at 449 s Broadway street. Loss prevention notified Sergeant Ramirez that 2 individuals had gone into the store and attempted to steal. Upon exiting the store, the loss prevention officer pepper sprayed the two suspects. Sergeant Ramirez contacted LAPD and notified all nearby BID officers. The 2 suspects were located down the street and asked if they needed medical attention. Both suspects denied medical attention and awaited LAPD's arrival. LAPD arrived on scene and gathered statements from all the parties that were involved. Loss prevention ended up retrieving the stolen items and declined to press charges.

Dec 25th - Captain Pacheco and Sergeant Ramos were patrolling main street at about 0700 hours when they came across a few vehicles with smashed windows on northwestern corner of 6th and Main street. BID officers contacted LAPD non-emergency to report the attempted vehicle break ins. LAPD arrived within the hour to make a report. LAPD also attempted to gather statements from the occupants in the tents adjacent to the vehicles. With limited leads, LAPD and BID officers left their contact information as well as an incident number on the 4 vandalized vehicles.

ACCOMPLISHMENTS

December – As the BID approached the holidays, safety ambassadors were able to observe a safe and quiet holiday despite the festive break. LAPD maintained a heavy presence within the historic core and routinely patrolled the encampments on main street. Safety ambassadors also worked alongside with LAPD in minor incidents that occurred throughout the month. Overall, the year was concluded with favorable statistics for the month of December. The safety team hopes to have a similar start in the upcoming year.
