SIGNIFICANT INCIDENTS

January 1, 2021 - At approximately 2120 hours, BID officers Castaneda and Ajaa received a service call for a possible burglary suspect. The caller described the location as the abandoned Onyx bar located on 5th and Spring. When the BID officers arrived, they noticed one of the wooden boards was taken down. They also heard someone walking around stepping on the debris. Sergeant Castaneda placed a service call to LAPD and explained the situation. LAPD officers arrived with a heavy response and performed a building search. It was then concluded that there was only one person inside. The female subject who was found inside was booked and transported on trespassing charges.

January 5, 2021 - While on patrol, Sergeant Ramos and officer Carmona noticed an excessive amount of unattended bulk items located on the southeastern corner of 9th and Hill. Sergeant Ramos took pictures of the items and placed a 311 service request. Within a few days, the department of sanitation responded to the service request. The 900th block of Hill street was cleaned and the bulk items were removed from the street.

January 8, 2021 - At about 2110 hours, BID officers received a service call regarding a female transient who was possibly breaking into vehicles at 633 s Spring street. BID officers responded to the area and found a woman inside a vehicle with window and door damage. Sergeant Castaneda and officer Aguilar detained the female subject while LAPD was dispatched to the scene. Upon arrival, LAPD conducted a short investigation and concluded that the woman had broken into two vehicles at that same location. LAPD transferred subject custody and transported her on burglary charges.

January 13, 2021 - While on patrol, Sergeant Ramos and officer Castaneda were on their routine patrol when they noticed an Amazon delivery driver sitting on the curb side. Upon making contact, the delivery driver had told BID officers that a person who appeared to be a transient punched him in the face and took his phone. BID officers received an accurate description of the individual and were able to locate the person in question a block away. LAPD was contacted and arrived on scene within minutes. The

male subject was startled by the police presence and decided to run off. A short foot pursuit ensued, and the male subject was taken into custody. The phone that was taken from the delivery driver was still in the suspect's possession. LAPD officers booked and transported the male suspect on robbery charges.

January 26, 2021 - At approximately 1545 hours, BID officers Ajaa and Cervantes were on their routine patrol when they heard loud popping sounds and vehicles taking off in an abrupt matter on the corner of 6th and spring. Citizens later directed BID officers to 7th and spring due to a possible shooting. LAPD was also notified and arrived on scene simultaneously. The reports of the possible shooting were confirmed by LAPD and two parties involved remained on scene. The shooter was still outstanding at the time. LAPD closed off the intersection and actively investigated the shooting/attempted robbery. BID officers were eventually released from the scene with the information that the investigation was ongoing.

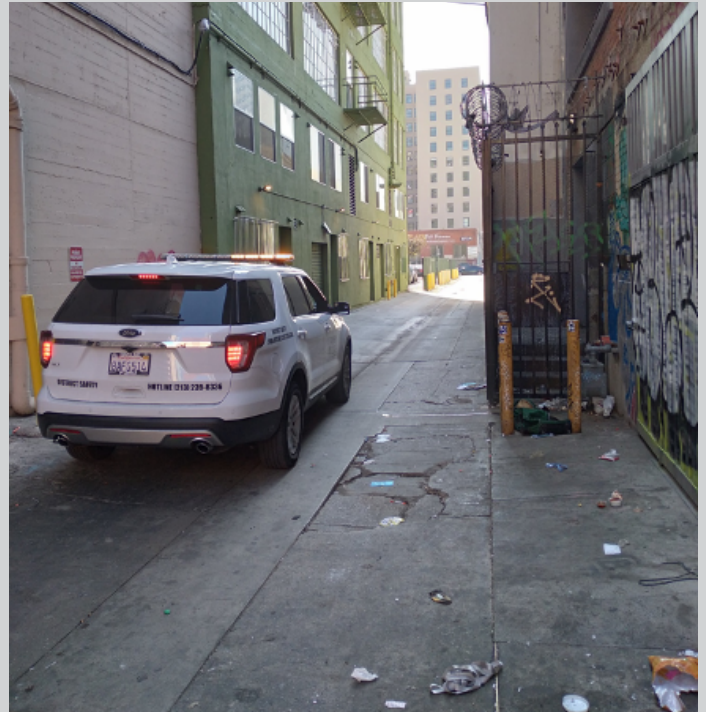

January 31, 2021 - At approximately 0455 hours, BID officers noticed large LAPD presence on the 6th and Main encampment. LAPD officers told BID officers that they were in search of a transient who had started a few dumpster fires outside of the Historic Core district. A few occupants of the encampments were ordered out by LAPD. Two individuals were taken into custody in correlation to the dumpster fires. LAPD cleared the scene moments after and concluded that there was no apparent threat. BID officers were also cleared from the scene.

ACCOMPLISHMENTS

January 20, 2021 - At approximately 1300 hours, we received reports about possible protestors in front of LAPD headquarters. BID officers remained on high alert in the event that the protests carried over into the Historic Corridor. A few protestors were seen passing by on spring street but were not observed in large groups. The groups ultimately left around 1800 hours that evening. As a result, it turned out to be a successful outcome since there were no reports of property damage or vandalism.
