SAFE AND FRIENDLY | FEBRUARY 2021

The following data and information is provided to the Historic Core BID for tracking purposes. The information contained in this report is for activities reported in February 2021. The data and information is obtained from Ambassadors conducting patrols and entered in Statview.

*BID officer Cervantes is seen here conducting a wellness check.*

#### SIGNIFICANT INCIDENTS

**Feb 5th** - At approximately 0910 hours, BID officer Cervantes was on his routine patrol when he heard what appeared to be a fire alarm over on 5th and Spring. BID officer Cervantes checked in with the security personnel who was also unsure of the cause. A call was generated to LAFD immediately. The fire department arrived on scene very quickly and investigated the alarm. After doing a thorough search of the building, the fire department notified security personnel that it was false alarm. The alarm was then manually reset and BID officer Cervantes was later cleared from the scene.

**Feb 7th** - While on patrol, Sergeant Perchlak and BID officer Pirir were responding to a service call at 0144 hours when they heard a loud bang around the corner. BID officers quickly made their way over to 9th and Broadway and came across a traffic collision. The vehicle that crashed was fleeing from the police and collided with a parked car. BID officers maintained a safe distance from the scene and documented their findings. A few residents from across the street came outside to see what was going on. BID officers were able to prevent the residents from getting too close to the scene. LAPD quickly transported the suspect and impounded the damaged vehicle. The reason for the pursuit was in regard to a stolen vehicle.

**Feb 8th** - At about 0610 hours, BID officers were conducting a foot beat of the general area when they found a couple arguing in their vehicle at the corner of 5th and Spring. BID officers observed the situation closely and intervened once the male subject began to act aggressively towards the female subject. While placing a call to LAPD the male subject began to punch and kick the vehicle. Concerned about the woman's safety BID officers detained the subject until LAPD arrived. Upon arrival, LAPD took custody of the subject and placed him under arrest for public intoxication and battery. BID officers gave their statements of the incident and were later cleared from the scene.

**Feb 11th** - While on patrol, BID officer Aguilar received a Citizen app notification regarding a possible assault at spring street park at about 1615 hours. Upon arrival, BID officer Aguilar made contact with the victim who

said he had been assaulted. The assault occurred at our neighboring BID while the call was generated in the district. BID officer Aguilar communicated his findings to DCBID and LAPD. Through a lengthy search, BID personnel spotted the suspect in question and pointed him out to the authorities. The victim was able to confirm the suspect through a quick field lineup. The suspect was then taken in on battery charges

**Feb 17th** - At approximately 1730 hours, BID officers received a call regarding a suspicious woman walking down Broadway approaching 7th street. BID officers responded to the scene and observed the woman's movements before making contact. Sergeant Castaneda noticed a large knife sticking out of the woman's bag. BID officer Benson noticed another small knife in the woman's hand. Before placing the call to LAPD, the woman noticed the BID officers across the street and dropped the knives immediately. She jumped inside the bus on 7th/broadway and took off westbound. BID officers confiscated the two knives and turned them over to Chrysalis for proper disposal.

**Feb 25th** - At approximately 0450 hours, Sergeant Perchlak and Officer Pirir came across a broken window over at the blossom restaurant on Main street. The scene was secured immediately, and LAPD was notified as well. LAPD officers filed a report and tasked BID officers to provide the incident number to the shop owner. BID officers stood by into the early hours of the morning once the window was boarded up. The merchant was given the incident number later that day to follow up.

#### ACCOMPLISHMENTS

**For the month of February**, we had 10 dumpster fires all throughout the district. These all appeared to be isolated events as they occurred on different days/hours. Since the 2020 riots, BID officers have been carrying fire extinguishers inside the patrol vehicle. As a result, the BID has been able to put out small fires throughout the district since. Regarding February, each dumpster fire was successfully put out by BID officers minimizing the possibility of further damage.

*BID officer Benson is seen here taking a vandalism report.*

*BID officers conduct a variety of tasks such as traffic control.*

*BID officers are constantly checking on quality of life issues.*

*BID officer Aguilar is seen here extinguishing a trash fire.*
