

Street Report

SAFE AND FRIENDLY | JULY 2021

The following data and information is provided to the Historic Core BID for tracking purposes. The information contained in this report is for activities reported in July 2021. The data and information is obtained from Ambassadors conducting patrols and entered in Statview.

BID officers work in collaboration with the district's maintenance team in order to promote a clean and safe neighborhood.

SIGNIFICANT INCIDENTS

July 2nd - At around 0257 hours, BID officers Novales and Leon received a service call regarding a male subject causing a disturbance inside 437 S Broadway. Upon arriving, BID officers spotted the male subject outside planet fitness. They then proceeded to make contact with him. The male subject showed signs that he was either mentally ill or under the influence. BID officers contacted LAPD for assistance as the individual began to become irate. LAPD arrived within minutes and assisted BID officers with the situation. Based on the incident at planet fitness, LAPD officers were unable to arrest the individual. Instead, they placed him on a 5150 hold for further evaluation.

July 10th - While on patrol, at about 0441, BID officers Novales and Aragon noticed an individual who was laid out in an awkward position over by 7th and Broadway. BID officers attempted to conduct a wellness check by making contact with the individual. Several attempts were made but proved to be unsuccessful. Concerned for the person's well-being, BID officers placed a call to LAFD. Paramedics arrived within an instant and began to check the person's vitals. CPR and Narcan were also administered. Through their preliminary assessment, paramedics were able to get a response from the individual. They were then transported to the nearest hospital for further evaluation.

July 13th - BID officer was on his routine patrol when he received a notification from the citizen app regarding a possible fire over at 6th and Harlem at about 1351 hours. As BID officer Carmona arrived on scene, he spotted LAFD extinguishing the flames from what appeared to be a vehicle fire. BID officer Carmona radioed in for traffic assistance as there was a heavy amount of pedestrians getting close to the scene. More BID officers arrived shortly after and assisted with pedestrian traffic. Once the flames were fully extinguished BID officers were told that no one was hurt from the incident and that the fire could have been caused by electrical issues.

July 17th - BID officers Garcia and Navarro received a service call at approximately 1213 hours regarding a disturbance on the corner of 5th and Los Angeles

Street. Upon arriving, BID officers located what appeared to be a small demonstration traveling westbound on 5th street. BID officers followed along from a safe distance up until the demonstration left the district on 4th and Main Street. BID officers went back to the first location and reported no vandalism or property damage. The purpose of the demonstration pertained to the garment wages.

July 23rd - BID officers Leon and Novales were patrolling the intersection of 4th and Broadway at about 0052 hours when they came across a vehicle collision involving two cars. LAPD was also on scene taking a report from both parties. BID officers remained on scene and checked for any structural/property damage. Based on LAPD's preliminary findings, they considered speed as a possible factor for the collision. Luckily, all of the parties involved only suffered minor injuries. LAFD assistance was declined by both occupants. BID officers were also cleared from the scene once they gathered all of the information for their report.

July 26th - At approximately 0804 hours, BID officer Carmona received a service call regarding a broken window at 5th and Broadway. BID officer Carmona happened to be around the corner and arrived instantaneously to the scene. BID officer Carmona located the broken window where the old Walgreens use to be at. While canvassing the area there was no possible perpetrator in sight. BID officer Carmona then notified the building maintenance team and made them aware of the issue. The building maintenance team was quick to act and boarded up the broken window right away. BID officers then checked the surrounding area in search of more property damage. There were no further incidents to report.

ACCOMPLISHMENTS

July 4th- The Historic Core BID deployed more officers for the 4th of July weekend. This was due to the higher than normal foot traffic and illegal fireworks that were set off earlier in the week. BID officers were assigned a specific zone and tasked to work with local law enforcement on any outstanding matters. Luckily for the BID, we were able to observe a safe holiday as there were no major crimes or incidents to report.

BID officers were present for national night out. An event where law enforcement and community members engage with one another.

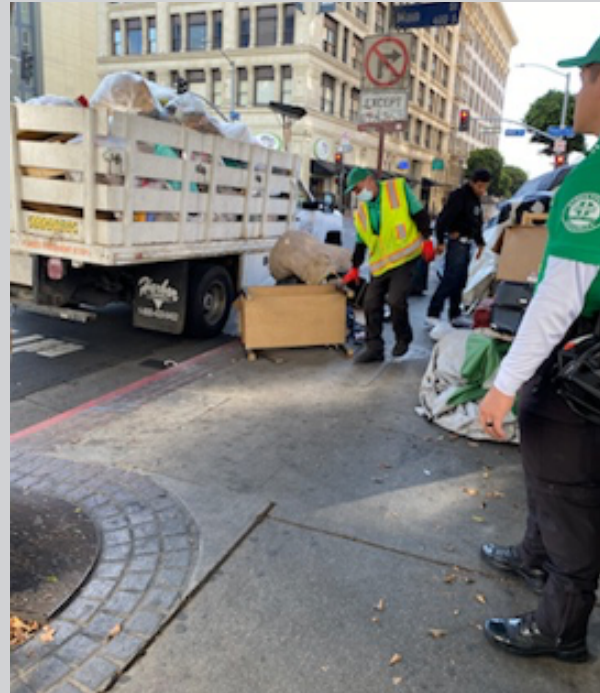

Street Plus is the official vendor for the BID's safety program.

The BID is extremely grateful to have an amazing partnership with LAPD.

BID officer Carmona is seen here addressing a quality of life issue.

BID officers continuously check on the main encampments and work with the clean team in addressing unwanted items.

BID officers routinely make merchant contact in order to relay important information.

BID officer Smith is seen here checking up on whoever is occupying the space.
