# Significant Incidents

## October 2022

### October 1st

At around 0033 hours, BID officers Novales and BID officer Castaneda received a service call at the Cecil hotel regarding two occupants that began setting up an encampment. Upon arrival, BID officers were able to locate the two occupants in question. BID officers were able to relay LAPD's special enforcement regarding encampments along the main street corridor. Although the individuals were being resistant at first, the BID officer's persistence was enough to get the occupants relocated without further incident.

### October 6th

At approximately 1251 hours, BID officer Ajaa received a call regarding multiple individuals loitering at 510 S Spring Street, on the 5th street side. BID officer Ajaa made contact with everyone and was able to relocate mostly everyone with the exception of one individual who was being hostile. BID officer Ajaa remained calm and professional throughout the tense encounter. Eventually, he was able to de-escalate the situation verbally and in a matter of minutes. As a result, BID officers remained posted for short intervals throughout the day in an effort to deter occupants from loitering.

### October 9th

BID officer Gayle was on his routine foot patrol at the farmers market when he heard a vehicle collision on 5th and Spring at about 1321 hours. BID officer Gayle quickly made his way over to the scene and located the occupants of the vehicle. Apparently, the driver of the disabled vehicle crashed into 3 parked cars at a normal rate of speed. The driver, along with the passenger, attempted to flee the scene on foot as well. BID officer Gayle contacted LAPD and notified nearby BID officers as well. BID officers were able to provide good descriptions to LAPD dispatch which resulted in the apprehension of one of the occupants. BID officers also left LAPD incident numbers on the damaged vehicles in case the owners of the vehicles wanted to follow up.

### October 15th

While on patrol at 0350 hours, BID officer Novales was flagged down by a security guard at 7th and Spring regarding a woman who was causing a disturbance. BID officer Novales made contact with the female occupant who was clearly under the influence. The woman was also accompanied by an unidentified male occupant who was also under the influence. Both individuals appeared to have gotten into a verbal altercation prior to the BID officers' arrival. LAPD was dispatched due to their aggressive behavior and unwillingness to move. LAPD eventually showed up and verbally got the woman to move. LAPD advised both occupants that they would be subject to trespassing charges if they came back.

# Significant Incidents

October 2022

## October 17th

BID officers Novales and Aguirre were on their routine patrol at about 0404 hours when they were flagged down by two men at 4th and Spring. Both men stated that they were victims of robbery and were afraid to walk back to their car. BID officers offered to conduct a safe walk and also suggested that a report should be filed with LAPD. Both men agreed and were assisted by both BID officers. LAPD showed up within a few minutes and took over the scene by filing the report. BID officers were thanked by both parties for their assistance and released from the scene shortly after.

## October 24th

At approximately 2335 hours, BID officer Herbert was conducting a vehicle patrol along 6th and Main when she spotted a vehicle parked at the crosswalk obstructing traffic. BID officer Herbert immediately inspected the vehicle and found indications that it might have been stolen. BID officers contacted LAPD for further assistance. Upon arrival, LAPD confirmed with BID officers that the vehicle was in fact stolen. LAPD conducted their own field investigation and impounded the vehicle shortly after.

## October 28th

### Accomplishment

The HCBID assisted Counsel District-14 with the preparation of the Fall-O-Ween event over at Spring Street Park. The BID also planned out the haunted walking tour that same evening. Both events were a success as there were no incidents to report. BID officers assisted with both events by providing a presence at the park and guiding the tour through the neighborhood. As a result, participants from both events had a great time and enjoyed the safe environment.
